for preparation of an Asset Management Plan, for preparation of a Conditions Report of Village of Mayo assets and assessment and preparation of a Risk Assessment Report of possible asset failures

The Village of Mayo is inviting written tenders from interested consultants for asset management work as stated above.

The terms of reference are as follows:

The bidders must demonstrate past experience working on asset management projects.

The successful bidder must have, or obtain, a Village of Mayo business licence, or Inter-municipal Business Licence. The successful bidder must have or obtain his/her own Yukon Worker's Compensation Board Coverage and liability insurance in the amount of \$2,000,000.00 and keep both current for the duration of the project.

The successful consultant must make him/herself familiar with Village of Mayo Assets, the Asset Register, and the Village's draft Asset Management Plan.

The successful consultant must work closely with the Village of Mayo Staff to obtain information about the Village's Assets. The successful consultant must provide his/her draft reports (Asset Management Plan, Condition Assessment Report, and Risk Management Plan) in draft format to Village of Mayo Staff and Council for review. Upon final approval of the report(s) by the Village, the successful consultant must provide the Asset Management Plan, the Condition Report, and the Risk Assessment Report in paper and electronic copy (word format).

Expected Completion date for the Asset Management Plan and related reports is December 15, 2017.

The tender price must be submitted inclusive of GST.

Written tenders must be submitted in a sealed envelope to the Village of Mayo Office, Box 160, 310 Sixth Avenue, Mayo, Yukon, Y0B 1M0, on or before Tuesday, June 20, 2017 at 4:00 pm Yukon time. The contractor must state "Village of Mayo Asset Management Project 2017" on the outside of the envelope. Submission of tenders by fax or email are not permitted.

The lowest or any tender will not necessarily be accepted.

Carcross News

Alfred Dickson has bought a new Chevrolet Light Truck and is now busy freighting over the ice from Carcross to his ranch at Tagish. Mr. Dickson predicts that there will soon be a through auto road from Carcross to Atlin.

Chief Lauderdale and Fireman McCaulay arrived in the north on the last Princess and are already busy getting the Tutshi in readiness for the season's operations.

J.A. Begg returned from the outside on Saturday last and is already back at his post in the WhitePass station.

1901 News from the Whitehorse Star

Now Own the C.D. Co.

E.C. Hawkins, general manager of the W.P.&Y. Route, has received advices from London and Chicago to the effect that a deal for the purchase of the property of the Canadian Development company has been put through, to go into effect April 1st.

The purchase includes ten steamboats, all the terminal facilities at White Horse and Dawson, namely, warehouses, wharves, lighters and other apparatus, besides two extensive and complete shipyards, one at White Horse and the other at Dawson. The ten steamboats include the best on the river, namely, the Columbian,, Victorian, Canadian, Yukoner, Sybil, Bailey, Zealandian, Anglian, Mary F. Graff and the Joseph Clossett.

Four other steamboats, clipperbuilt, are in process of construction, to be ready June 1, and to be melded to this

Yukon fleet, namely the Dawson, Ogilvie, Hamlin and McConnell, making a total of 14 boats for the passenger and freight business between White Horse and Dawson.

This practically gives the W.P.&Y. Route the control of all the waterways to the interior as it also controls the Atlin route, having purchased what was formerly the John Irving Navigation Co. operating the steamers Gleaner and Scotia and the Taku-Atlin tramway.

Speaking of the labor involved in putting all this vast amount of machinery into systematic working order for next summer General Manager Hawkins said:

"It means a complete reorganization of the service on lines tending to secure greater efficiency at a minimum of cost, which the consolidation of the two interests under one management will best

permit. It will admit of greater dispatch and better results for both freight and passengers.

"Improvements and innovations will be the order all along the line. Tariff sheets are now in course of preparation with a view to putting all the traffic on a strictly weight basis, thus doing away with what is known by all shippers as the weight or measurement ship's option system, which has caused a great del of confusion in the past, as under it the merchant was never in a position to figure in advance on what the cost would be for delivering his goods at nay point in the interior.

"It is also contemplated to substitute oil for wood, which, if found practicable for fuel, will shorten the running time of each steamer from 12 to 20 hours on each voyage. - Daily Alaskan.
