## \$2 BILLION PROJECT TO FLOOD CITY

Details of plans of an Eastern Canadian industrial empire to change the entire map north of the B.C. border:

Included in the plans of the giant Frobisher Ltd., for the \$2 billion enterprise - which would dwarf the huge Kitimat and Ungava development - were:

Mammoth dam on Lac Laberge and creation of a lake, 100 to 200 feet deep and covering thousands of square miles.

Moving of the entire town of Whitehorse with its huge Orient route air base.

Relocation of the towns of Carcross and Champagne. (All three centres would be flooded by the artificial lake.)

Changing the route of warborn Alaska highway. Rerouting of the White Pass and Yukon Railway.

Construction of the three big hydro plants in the vicinity of Kluane Chilkoot Pass and Teslin. Estimated out - 500,000,000 horsepower - makes this the largest integrated power yield in the world.

Creation of a deepsea port on Taku River or north of Haines, Alaska, in Yukon territory.

## A GANG OF TOUGHS

From present appearances White Horse is a haven of refuge for as tough a set of individuals as ever congregated in a town of this size. Toughs from Dawson, who have been served with "blue papers" by the N.W.M.P.; toughs who have made their presence so obnoxious that even Skagway, which is not famed for its morality, has seen fit to issue orders for their removal; toughs of all descriptions and varieties, from the macquereaux, who live on the earnings of fallen women, to the "macer" and bullying prize fighter, whose highest ambition is to get in some public place and pose before the audience as exponents of the manly art of self defense—these are among the evils which have recently invaded our hitherto peaceful community, like a swarm of locusts on a Kansas farm.

In early days in the northern country it was almost impossible to rid the country of this undesirable element, but things now wear an altogether different aspect. The towns of Yukon territory are being settled up by respectable and law abiding citizens and their families, and the courtesan and her "lover" are no longer looked upon with the same degree of leniency that they were when the population was composed almost entirely of men without family ties or other influences to regulate their daily lives.

In Dawson the moral wave has assumed such proportions that members of the demi-mode have been driven from their accustomed haunts and forced to seek refuge on the opposite side of the river from town. Even here in White Horse the police have issued an edict against women frequenting or patronizing saloons and it is now the duty of those in authority to continue the good work they have begun and free us from the greater evil of the "toughs."

## The "Short Man" Captured

Dawson, Feb. 28 - Wm. Brophy, the "short man" in the Dominion gambling house holdup which occurred here last fall, and for whom a reward of \$500 was offered, was captured last midnight at a roadhouse eight miles from Dawson on Bonanza Creek by four N.W.M.P.

He carried a rifle, but had no chance to use it as the police jumped on him from behind. In the scuffle that ensued Brophy was shot, but not dangerously. He was brought to Dawson and placed in jail this morning. All three men connected with the robbery (Tomelin, Harris, and Brophy) are now in custody.

Brophy held up a man on Bonanza four nights ago, robbing him of four ounces of gold dust, and it was from a description of the robber, given by the victim, that Brophy's whereabouts became known.
