1920 - Lieut. Crumrine's airplane from "The Alaska Flying Exp." His chronic tire problems were fixed by Whitehorse resident Bert Peterson of the White Pass.

**FIRST AIRCRAFT**

**Whitehorse Paved the Way for Aviation in the North.**

For a history of aviation in the Yukon Territory we have to go back to June, 1920, when Capt. H.T. Douglas of the U.S. Air Force and Capt. H.A. Leroyer of the Canadian Air Board arrived in Whitehorse to talk over a proposed international aeroplane flight from Mineola, N.Y. to Nome Alaska. They both came with the authority of their respective governments to make all necessary arrangements for landing places, fuel, supplies, etc. In commenting on the proposed flight the Whitehorse STAR of that day described it as "an event that will go down in history as one of the most daring conceptions of the potentialities of aerial flight that has ever been conceived since the possibilities of a lighter-than-air craft as a means of transportation became, through the inventive genius of man, a certainty."
