**TAKHINI SPRINGS**

Photographer E.J. Hamacher has favoured us with the following description of the Takhini hot springs, the property of Messrs. W.A. Puckett and S.A. Simmons. The springs are distant from Whitehorse about 30 1/2 miles, 14 to the mouth of the Takhini river, 15 miles up that stream to the springs landing and one and a half miles from the river northward to the springs.

The springs are located in a beautiful spot almost level but sloping gently toward the river. The water boils up from a bowl-shaped basin, overflows it at one edge, and runs over the sloping ground until it reaches a deep canyon through which it makes its way toward the river. At the foot of this canyon is a large crescent shaped slough or lake which has an outlet to the river.

The volume of water which flows from the spring would fill a six-inch pipe and its deposits below the springs show large quantities of iron and lime. The temperature of the water is about 120 degrees, Fahrenheit.

 THE **KLONDIKE HOCKEY TEAM** at Dey's Rink in Ottawa, January 14, 1905.

**A CONSIGNMENT OF HOCKEY JUNK**

It's not often a local hockey team has a chance to vie for the Stanley Cup, but it happened one time in Yukon history and the results of the contest make it probable that it will never happen again.

Hockey was big in the Klondike in 1904, and the competition so fierce that local promoters of the sport were looking for bigger and greater challenges. With the typical Yukon "if you're going to go for it, you might as well go for the top" attitude, Dawson organizers wrote to Ottawa challenging the World Champions to a Stanley Cup duel. The challenge was accepted.

The Klondike team sallied forth from Dawson to do battle with the Ottawa Invincibles, also known as "The Silver Seven."

Ottawa Hockey Team Won First Game of Series by Score of 9-2. The Dawson Hockey team went down in overwhelming defeat before the Ottawa Invincibles by a score of 23-2 in the second.
