**\$2 BILLION PROJECT TO FLOOD CITY**

Details of plans of an Eastern Canadian industrial empire to change the entire map north of the B.C. border:

Included in the plans of the giant Frobisher Ltd., for the \$2 billion enterprise - which would dwarf the huge Kitimat and Ungave development - were:

Mammoth dam on Lac Laberge and creation of a lake, 100 to 200 feet deep and covering thousands of square miles.

Moving of the entire town of Whitehorse with its huge Orient route air base.

Relocation of the towns of Carcross and Champagne. (All three centres would be flooded by the artificial lake.)

Changing the route of warborn Alaska highway. Rerouting of the White Pass and Yukon Railway.

Construction of the three big hydro plants in the vicinity of Klauane Chilkoot Pass and Teslin. Estimated out - 500,000,000 horsepower - makes this the largest integrated power yield in the world.

Creation of a deepsea port on Taku River or north of Haines, Alaska, in Yukon territory.
